## PLAN PROGRAM FOR CAMPAIGN

Eight Days of Meetings for Men and Religion Forward Movement

The program for the eight days of meetings which will be held in Honolulu by Fred B. Smith and Robinson, representing the Men and Religion Forward Movement, has been definitely arranged by the committee in charge, of which Paul Super is chairman.

The team, accompanied by the International Quartet, will arrive here on the morning of Thursday January 23, and at noon the executive committee in charge of the arrangements will meet with Smith and Robinson and the members of the quartet. In the evening the team will meet the business men of the city at a dinner in their honor. On Friday morning the ministers and missionaries will meet the visitors, and at four-thirty two institutes will be held, one conducted by Smith and the other by Robinson. In the evening of the same day two meetings will be held, one led by Smith in English, and the other by Robinson for men of other nationalities.

There will be a big noon meeting in one of the large shops of the city on Saturday and in the evening Robinson will meet with the paid social workers of the city and Smith will lead a men's meeting.

The only opportunity that the women of the city will have to hear these two great evangelists will be on Sunday. In the morning Smith and Robinson, accompanied by the quartet, will occupy the various pulpits throughout the city and in the afternoon and evening there will be a big men's meeting.

On Monday the evangelists will speak at one of the schools and at noon there will be another shop meeting. In the afternoon two institutes will be held and there will be two platform meetings at night.

On Tuesday morning, the ministers, missionaries and delegates from out-of-town will meet the visitors. The usual shop meeting will be held at noon and institutes at four-thirty o'clock, and platform meetings in the evening.

On Wednesday morning there will be another meeting at one of the schools and at noon there will be a big businessmen's luncheon. The institutes will be held in the afternoon and at six o'clock a dinner will be given to the older schoolboys of the city. The day will wind up with a platform meeting in the evening.

The visitors will be given a dinner at one of the clubs on Thursday and during the afternoon a joint institute will be held at which the results of the campaign will be checked up and future plans made. Two meetings in the evening will bring the series to a close.

The campaign will be run by private subscription and there will be no collections taken at any of the meetings.

## VARIOUS KAIMUKI ROAD IMPROVEMENTS

Contractor Ellsworth is working on Mongolia avenue, Palolo Hill tract, connecting it with Sixteenth and Claid avenues. This, as stated in the Star-Bulletin a few days ago, will open up communications between the tract mentioned and Fort Ruger.

Hobron avenue, at the lower part of Kaimuki, has been finished to Kapahulu road, and more than a thousand feet of Sixth avenue has been completed, this latter being a county job. Work on Third avenue will be started this week. The Sixth avenue improvement will connect with Palolo avenue and with Hobron avenue to Kapahulu road, thus opening up a clear thoroughfare to Walkiki through Kapiolani Park.

## HILLO BOAT CLUB GETS LEASE ON OLD WHARF

The Hilo Boat and Yacht Club last Saturday purchased from the land commissioner a fifteen-year lease on the old Hilo wharf, which is to be converted into a clubhouse for the members of the organization. The wharf lease was granted the club on the understanding that it is to be used for that specific purpose, and it can be used for that only. The rental is fixed at \$10 per annum.

For a rental of \$100 a year the big fish pond at Hilo was leased by the Territory to W. S. Wise, who, with H. V. Patten and others, has been conducting experiments in many varieties of fish and oysters, imported from the mainland. Three hundred acres of grazing land in the Molokai district, Kauai, were leased to William H. Rice, at \$75 a year, and 630 acres of grazing land in Honolulu, Molokai, were leased to A. M. Brown for an annual rental of \$157.50.

Lecture begins at 8:15 p.m.

Admission Free

This is a rare opportunity to hear the World-Famous Leader of the Equal Suffrage Cause

## 100 OCTOGENARIANS LIVE ON WEST HAWAII

Hawaii probably holds the record for human longevity. In examining the registration lists Saturday evening, Henry O'Sullivan, chief clerk in the office of the Secretary of the Territory, discovered that more than 100 Hawaiians in West Hawaii are more than eighty years old, that a score are ninety or over and that the oldest of them all is a patriarch of 108 years. Several others are near the century mark.

All these are native Hawaiians who have resisted the vices of civilization and continue to lead the simple lives of their ancestors, out in the open air, on a diet consisting chiefly of fish and poi.

## ADVANCE IN OAHU; DECLINE IN EWA

Oahu advanced on the board a quarter-point today, with sales of 175 shares in five unequal lots at 25.87 1/2. Ewa shows a decline of a quarter in four lots of 5 shares each, equally divided between recess and the board, at 28.25. McBryde sold down an eighth to 5.25 for 100 and 75 shares reported. No other sales of sugar stocks are listed. Hawaiian Pineapple is up half a point since Saturday, 10 shares at 44.75 and 50 at 45 being reported.

## JUDGE ROBINSON TO RETURN NOVEMBER 13

A letter received from Circuit Judge W. J. Robinson states that he will leave San Francisco on the transport Sherman November 5, arriving in Honolulu about November 13. Judge Whitney will draw a venire of trial jurors returnable before the Third Judge on November 18, on which date the latter will begin the trial of criminal cases.

Judge Robinson's health has improved steadily since he left here in August and he writes he is anxious to resume his duties on the bench. He will endeavor to finish all criminal matters by the end of the year.

Destined for San Francisco, the American gark Andrew Welch will be dispatched the latter part of the week, the windjammer being supplied with a cargo including shipments of scrap iron, empty gasoline drums and sundries. A half dozen passengers have been booked for San Francisco in the sailing vessel.

## COUNTRY CLUB GOLF AND MERRYMAKING

Last Saturday afternoon and evening the Oahu Country Club was the scene of one of the pleasantest and most interesting entertainments ever given by the organization. A golf tournament in the afternoon proved a fitting forerunner for the dinner and steeple social that was programmed for the evening.

The golf event was a team match between two teams of which Frank Armstrong and Frank Halstead acted as the respective captains. Playing in a downpour of rain that changed the putting greens into miniature lakes, and gave the fair green all the characteristics of a sponge, the men floundered on undrained, and managed to bring the match down to a hair-raising finish. Armstrong's strong-arms winning out by 19 to 16. The game between the rival captains was one of the best of the day. Armstrong holding a seemingly impossible stylin on the last green for victory.

Following a genial spread, a program of music and entertainment was furnished. James A. Wilder was toastmaster, and 110 members and their friends sat down to table. Ninety six steins were presented.

The evening's program was as follows: Piano solo, Mr. Caceres; vocal solo, Mr. A. C. Wall; violin solo, Mr. Garcia; recitative song about prominent Country Club members, Mr. Vaughn; vocal solo, Mr. H. F. Wichman; song, Mr. Priesell; violin solo, Mr. Garcia, monologue, Mr. Healy.

## NOVEMBER 1904 FEBRUARY 1911

In 1904 Andrew C. Larsen of Boronson & Larsen of Salt Lake City, Utah, was slowly dying of Bright's Disease. He was water-logged, having been tapped twice and the family physician told his partner that "It is as impossible for him to recover as it is to empty the ocean." His partner was advised to have him fix up his affairs. The treatment was changed to Fulton's Renal Compound. A few months later, March 31, 1905, patient was back to business, to the surprise of his physicians and everyone else.

As to permanence—we have been writing a few of these cases of several years ago on this point and we have a line from Larsen dated February 9, 1911, from which we quote:

"Yours of February 6th to hand. I am in perfect health and haven't had a sick day for many years. The compound cured me and did it right."

How can physicians and hospitals look over these things and permit patients with kidney disease to die on Digitalis, Nitro Glycerine, Basham's Mixture, etc., under which failure is admitted by the books. Physicians who add Fulton's Renal Compound to the heart, tonic and eliminative treatment they are already giving are getting results in many cases in which failure has been the rule.

Honolulu Drug Co. is local agent. Ask for pamphlet or write to John J. Fulton Co., San Francisco—advertisement.

Judge A. S. Mahaulu, of Waialua, came up town this morning to confer with the leaders of the Republican headquarters. He will stay over night to await the return of Prince and Princess Kaiulani tomorrow morning from Kona.

Blue Serge Suits

THERE is no fabric more genteel than the popular BLUE SERGE. No gentleman's wardrobe is complete without a suit of this fabric. They are suitable for all occasions, and always give a man the appearance of being well dressed. We show these serges in various wales, also fancy weaves.
